PROFILE

Full Stack Developer with 2+ years of experience in designing, developing, and deploying scalable web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js). Experienced in building RESTful APIs, integrating frontend and backend systems, and implementing AI-powered automation. Strong collaborator with expertise in Agile development and product scalability.

WORK EXPERIENCE

Full Stack Developer — Bridgeness Technologies Pvt. Ltd. (June 2023 – Present)

- Developed and maintained responsive full-stack web applications using React.js, Node.js, Express.js, and MongoDB.
- Implemented **Prompt AI** system to generate automated scripts and task-specific instructions.
- Integrated **Giddh Accounting API** for invoicing, purchase order management, and financial record automation.
- Implemented **Instagram Graph API** to build a Comment-to-DM automation feature improving influencer engagement.
- Built and integrated RESTful APIs ensuring seamless frontend-backend communication.
- Optimized performance for faster load times and enhanced UX across platforms.
- Collaborated with UI/UX designers and backend engineers for pixel-perfect responsive design.
- Streamlined Git-based workflows and contributed to scalable architecture design, reducing maintenance effort by 20%.
